Thank You

I was given a bottle of colloidal silver as a Christmas gift. Unfortunately, when I got home I through everything on the kitchen counter and cards and gifts did not all match up. I am not sure who gave me this gift. I do thank you. It is actually a great gift that most would not think of giving. Not sure how you knew I used the stuff though. Not many know what it is or how to use it.

For those who do not know what it is, look it up on the internet. There is actually a product similar to it that is better still called molecula silver. I use both. It could save you a trip to the doctors office.

Also - I received 2 cards in the mail with no return address. I do not know the names on the cards and they are not registered in the parish. I do thank you for the gift.

Nuns - You Can't Beat Um

Sister Mary Ann, who worked for a home health agency, was out making her rounds visiting homebound patients when she ran out of gas. As luck would have it, a Texaco Gasoline station was just a block away.

She walked to the station to borrow a gas can and buy some gas. The attendant told her that the only gas can he owned had been loaned out, but she could wait until it was returned. Since Sister Mary Ann was on the way to see a patient, she decided not to wait and walked back to her car. She looked for something in her car that she could fill with gas and spotted the bedpan she was taking to the patient. Always resourceful, Sister Mary Ann carried the be dpan to the station, filled it with gasoline, and carried the full bedpan back to her car.

As she was pouring the gas into her tank, two Baptists watched from across the street. One of them turned to the other and said, 'If it *starts*, . . . I'm turning Catholic.'
